

DENTOGGLE

COLLABORATIVE DENTAL ECOSYSTEM

The Collaborative Dental Ecosystem

Connecting Dental Clinics, Dental Laboratories, Milling Centers, Suppliers, Courier Networks, and Patients through one intelligent cloud platform.

One Platform.
All stakeholders connected.

One Workflow.
End-to-end case transparency.

One Connected Ecosystem.
Better collaboration.
Better outcomes.

THE DENTAL ECOSYSTEM

One Connected Workflow. End-to-End Visibility. Better Outcomes.

ABOUT DENTOGGLE

Dentoggle is an enterprise collaboration platform designed to eliminate communication gaps between dental clinics and dental laboratories.

By bringing every stakeholder onto a single secure platform, Dentoggle streamlines case management, improves communication, reduces remakes, shortens turnaround time, and enhances treatment quality.

Whether you're a clinic, laboratory, milling center, supplier, or courier partner, Dentoggle keeps everyone connected in real time.

INDUSTRY CHALLENGES

COMMUNICATION GAPS

- Phone calls
- WhatsApp messages
- Missing files
- Lost conversations

DELAYED DELIVERIES

- Manual follow-up
- Unknown job status
- Late dispatch
- Missed deadlines

POOR VISIBILITY

- No live tracking
- No production status
- Limited reporting

QUALITY ISSUES

- Wrong prescriptions
- Missing data
- Remakes
- Case disputes

MANUAL DOCUMENTATION

- Paper prescriptions
- Printed invoices
- Manual filing
- Physical records

SECURITY RISKS

- Unsecured chats
- Shared passwords
- Lost files
- Data leakage

HOW DENTOGGLE SOLVES THEM

STRUCTURED DIGITAL PRESCRIPTIONS

Complete digital case submission with mandatory fields.

SMART CLOUD WORKFLOW

Upload scans, STL files, and patient records securely.

REAL-TIME CASE TRACKING

Track every case from booking to delivery.

AI ASSISTED QUALITY CONTROL

Reduce remakes before production starts.

CASE BASED COMMUNICATION

Every discussion remains attached to its specific case.

COMPLETE AUDIT TRAIL

Every action, upload, image, scan, approval, and revision is securely recorded.
